

TOWN AND COUNTY.

L. L. Lesueur of Eager was down the past week.

Mr. Ashel Smith of Hunt was in the city over Sunday attending conference.

Miss Lillian Greer is again in St. Johns after an absence of several months. Everyone is glad to see Miss Greer back again.

Prof. Johnson and wife came in a few days ago, after an extended tour in their Ford. Prof. Johnson is looking fine and will make things hum the in musical line at the Academy this winter.

Andrew Gibbons, Jr., who is now making his home in Provo, Utah, is in town visiting with his people. Mr. Gibbons is now connected with the B. Y. U. of Provo and is doing much to place that institution in the leading rank of western colleges.

Hon. W. W. Pace of Thatcher, one of Apache County's old-timers, and one of the most influential men of his home County, has been in the city shaking hands with old friends after a fifteen years' absence. Mr. Pace was accompanied by his wife and their presence brought much joy to their friends of long ago.

Master Earl Duke who has been seriously ill at the home of his sister, Mrs. Cowley is now slightly improved but he is yet far from well. The many friends of Earl and his family sincerely hope that his recovery will be rapid.

Wedding Bells Will Ring For Mike.

One week from today joyous wedding bells will announce the marriage of two of St. Johns' most popular young people. On that day Miss Domitilia Padia will become the bride of Miguel F. Gutierrez.

The friends of these young people have been expecting this for a long while and have had many promises from 'Mike' but until the announcement was made by Father Deritchmont last Sunday we were somewhat in doubt as to when the date would be.

Miss Padia is one of the most charming girls of the younger Spanish set, while Mr. Gutierrez is known all over the County as the genial and competent manager of the Hotel de Apache.

May the only clouds that will mar their sky of happiness be little ones is the sincere wish of their many friends.

State News in Tabloid form

Fifteen students of plant life from Europe will spend the greater part of September in studying the various forms of vegetation of the deserts and of Arizona.

Nine men five Americans and four foreigners, were killed in an accident at Clifton a few days ago. A broken draw-bar on an ore car was the cause of the catastrophe.

A cloudburst in the vicinity of Douglas a short time ago caused a rise in one of the streams in that neighborhood of fifteen feet in as many minutes. There was considerable property loss and a number of narrow escapes but no lives were lost in the flood.

Hon. William H. Sawtelle, a prominent attorney of Tucson, has been appointed as Federal Judge for the district of Arizona. This position is one of the big plums within the gift of President Wilson and his selection of Judge Sawtelle appears to have the commendation of a majority of the people of this state.

Announcement of the date of the Northern Arizona Fair is expected daily. The fair will be held some time in the latter part of October, but the president and committeemen are working hard to arrange the dates so that they will not conflict with the Albuquerque fair, which will be about the middle of October, and also so that there will be ample time to remove the exhibits from Prescott in the State Fair at Phoenix. The Northern Arizona Fair will last three days.

The Third Annual Frontier Celebration will be 'pulled off' at Winslow on September 11th, 12th, and 13th. There is no doubt but that this annual celebration is one of the most characteristic 'blow-outs' of the entire west. The former ones have been immensely successful and from all appearances the one this year will far-rival its predecessors.

Sloppy Slumgullion! The 'Absurdity' in its feeble way, is trying to make it appear that the HERALD-NEWS is getting a mighty good thing out of the County. Why, bless your socks Monty, all the work this paper is doing for Apache County is being done under contract, and that contract was secure because the bid of the HERALD-NEWS was a lower one than the one submitted by you. We might say something about 'sour grapes', but we wouldn't do it for the world.

There can be no possible doubt about it. Fred W. Nelson is the greatest man in Apache County. 'A Democrat' admits it and no doubt F. W. himself will admit it if you ask him. That would make it unanimous were it not for the fact that no one else in the County believes it.
